GLENDALE—  
The CITY of HOMES

VOL. XIV

GLENDALE, (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CAL., MONDAY, OCTOBER 21, 1918

42

### SUBSCRIBE \$350,000

GLENDALE'S TOTAL REACHES  
\$350,000 ON A QUOTA  
OF \$198,000

Again has Glendale justified the faith of her citizens and friends. When the banks closed Saturday night after their evening sessions and the secretaries of the Liberty Loan Committee reckoned roughly the receipts from all sources, they found the Jewel City had subscribed at least \$350,000 and it will probably exceed that figure when checks which are on the way are received and tabulated. In connection with this very satisfactory showing, the subscription of the last Liberty Loan in April should be considered, when Glendale subscribed what seemed then to be her limit and went way over the top. That subscription reached the proud total of \$275,000 on a quota of \$112,000. The community has therefore purchased inside of a few months \$575,000 worth of government bonds. An especially gratifying feature is the fact that the subscriptions have been so distributed throughout. The Fourth Liberty Loan subscriptions represent 2600 buyers. No more significant proof could be had of the unity of sentiment in regard to the prosecution of the war or the determination that America's treasure shall be poured out to the last dollar to crush Prussian autocracy and release the world from its menace.

Another gratifying fact which is brought to light by this splendid response is the proof that our people are viewing the situation with reason and intelligence, realizing that were the war to end tomorrow, the government would still need billions of dollars to withdraw its armies and to feed the populations of Europe who are dependent upon us for sustenance. The end of the war would increase rather than diminish that burden. The nearer we approach to victory, the greater the numbers to feed on account of prisoners taken and civilian populations released. Furthermore, large sums will be needed to aid in restoring the devastated districts of France and Belgium and put them in a way to sustain themselves.

### DOCTOR FLINT GOES OVERSEAS

Mrs. J. L. Flint and small son, Rinard Wells Flint, arrived in Glendale Saturday from Palo Alto, where they had been the past few months in order to be near Mrs. Flint's doctor husband, Captain J. L. Flint, who was stationed at Camp Fremont. Dr. Flint left Saturday for the overseas journey. He will be stationed in a field hospital. Mrs. Flint and son will be with her parents, Mr. and Mrs. R. H. Wells, 404 West Broadway, until his return.

### SUNDAY ACCIDENTS

Glendale's Sunday serenity was slightly marred by two minor automobile collisions. One of these happened to J. Herbert Smith, who was driving west on Colorado boulevard about 7:30 p. m. and when crossing Verdugo road was run into by an auto driven by Mrs. Carron of 1623 East Ninth street, Los Angeles, who was going south. It was not a very severe impact. Mr. Smith's bumper was torn off and a rear fender on her machine was dented. Otherwise there was no damage.

The other collision occurred at 6:12 p. m. at Colorado and Brand, when a car driven by H. E. Riedel of 626 West 35th street collided with an electric car on Brand. The street car was moving slowly and Mr. Riedel thought it would stop and he would have time to cross ahead of it, but the car didn't stop and a collision resulted.

### GOOD NEWS FOR GLENDALE

City Attorney W. E. Evans has been advised of new rates for P. E. travel inside the city limits of Glendale as follows:

From San Fernando road to Arden Junction and all points on East Broadway, 5 cents.

From Pacific avenue and North Glendale to Broadway and all points on East Broadway, 5 cents.

It will be observed in the first item that the five-cent zone in effect previously has been extended from Doran street to Arden Junction, making it that much better than the old rate.

The north 5-cent zone has been extended to include the Pacific avenue district, which has heretofore had to pay 10 cents to Broadway.

These new rates under the order issued by the Commission were to go into effect this morning.

WEATHER FORECAST—Fair to night and Tuesday, except cloudy or foggy along the coast tonight and in the early morning.

### MR. HUTTON'S DEATH

C. E. HUTTON OF GLENDALE IS  
KILLED IN AUTO ACCIDENT  
AT SANTA FE

A message to Rev. C. A. Cole received last evening from A. L. Lawshe brought the news of the death of C. E. Hutton of Colorado street in an automobile accident near Santa Fe, New Mexico. Mrs. Hutton was badly injured, according to the telegram; how severely, it is not known here. The auto went over an embankment, killing Mr. Hutton instantly.

Mr. and Mrs. Hutton and Mr. and Mrs. Lawshe left here early in the summer for Illinois and Indiana, making the trip east in fine shape. They started back about October first and expected to reach Glendale this week. Both machines were driven by the wives. It is not known yet just how the tragedy occurred.

Miss Clara Hutton, a sister of Mr. Hutton, is the only relative here and lives in the beautiful Hutton home. She was making great plans for their return and is greatly shocked by the sudden tragic ending of the pleasure trip.

The Huttons were leading workers in the Christian Church, as are the Lawshes. The message brought grief to the congregation.

Burial will be made in Indianapolis in the family mausoleum. Mr. Hutton has a son in New Hampshire and a daughter in Indianapolis, besides the sister and two brothers who live in the East.

A telegram just received by Rev. Clifford Cole advises him that Mrs. Hutton, though seriously hurt, will recover, and that their son-in-law is on the way from Indianapolis to take charge of affairs. Mrs. Hutton is in St. Vincent's hospital at Santa Fe.

### WAACS FOR AMERICAN ARMY

America's army is to have its retinue of "Tommy Waacs"—5000 of them to begin with. Miss Elsie Gunther, the only woman with a captaincy in the United States Army, is in charge of the recruiting.

"Tommy Waacs" is the name bestowed by the British Tommies on the women enlisted in the Women's Auxiliary Army Corps. They do all the jobs behind the lines which a soldier would ordinarily do, but which can be done by women, thus releasing thousands of men for active fighting. They are clerks in supply warehouses, telephone and telegraph operators, drivers, directors of traffic, and many things else.

Captain Gunther has her first contingent of "Waacs," a company of 250, at Tours, France. Until the tonnage situation eases up, American women will not be taken across for service in the corps. Meanwhile, British women will be recruited for duty with the American forces. Miss Gunther received her commission while secretary to Major General Leonard Wood at Plattsburg.

Recreation of the "Tommy Waacs" is under the direction of the Y. W. C. A., which has a large "foyer" or clubhouse at Tours, with a play field on an island in the Loire river, close to the city.

### UNFRIENDLY TO ROOSTERS

Several days ago a gentleman representing himself as a resident of northeast Glendale and a reader of the Evening News through the courtesy of a neighbor, called early at the Evening News office and made complaint about how neighborhood roosters had kept him awake. The gentleman in question bore the appearance of having had a sleepless night, and declared that every rooster within the limits of the city should be served as a roast instead of continuing to live a crowing rooster.

The anti-rooster man was reminded that there are many chicken lovers in Glendale who would not agree with him as to the roosters' fate, and an instance was recalled when half the town's population attended a trustee's meeting to fight an ordinance that had been framed in such a manner that rooster rights were interfered with.

Whether it's the gentleman's poor digestion or his natural desire to be the only rooster in that section of Glendale could not be ascertained, but however, this may be he was dead set against crowing roosters.

Captain William C. Wattles of 1218 Glendale avenue, Chairman of the Military Committee of the Board of Instruction for this Exemption Board District, was sent to bed by gripple, which he does not designate as Spanish influenza. He is much better this morning and expects to be out tomorrow or Wednesday.

### ENTIRE GERMAN FORCE IN BELGIUM ON MOVE

HAIG REPORTS ALLIES HAVE THWARTED ENEMY PLAN  
TO MAKE A STAND ON THE LYS RIVER

(Special Service to Glendale Evening News)

LONDON, October 21.—Field Marshal Haig in a special communique early today announced that the British have thwarted the German attempt to make a stand on the Lys river. They hurled the Germans across the river at three points and the allies are now in touch with the next German defense line along the Escaut or Scheldt river.

He said the entire German front in Belgium is now in motion. The allies have reached Aeltre, eleven miles from Ghent and the chief railway center of western Belgium.

The French have established bridgeheads at several points on their portion of the Lys front. Beyond Lille they have driven the Germans across the Franco-Belgian border advancing six miles beyond Tournai.

The Angle-American operations at Le Cateau yesterday resulted in the capture of 3000 prisoners.

The British are now approaching St. Amand eight miles north of Valenciennes and have reached the line of the Scheldt river near Tournai. This advance was made by stubborn fighting during a heavy rain. They bridged the Selle river under a heavy fire. Tanks advanced with the infantry.

### GERMANY DENIES ATROCITIES

PROTESTS AGAINST PRESIDENT'S REPROACHES—SAYS  
ASSUMED ARMISTICE WOULD BE ARRANGED

(Special Service to Glendale Evening News)

LONDON, October 21.—Berlin wireless messages indicate that Germany's note to the United States says that when Germany acceded to America's demands to evacuate all occupied territory she assumed that an armistice would be arranged.

The note is said to protest against the President's reproach for German atrocities and denied purposely firing on life boats of submarine ships or killing passengers.

### GERMANY'S REPLY PICKED UP BY WIRELESS

TEXT OF ANSWER TO WILSON'S NOTE WILL NOT BE PUBLISHED  
UNTIL OFFICIAL COPY IS RECEIVED

(Special Service to Glendale Evening News)

WASHINGTON, October 21.—President Wilson and Secretary Lansing today received copies of Germany's reply to America's note as picked up by wireless from the great German station at Nauen. It is officially announced that the note will not be made public until the official copy has been received. At noon the Swiss legation declared that no note had arrived.

It is understood that Germany says she wants an armistice arranged through the allied and German generals on the various fronts.

### SUBMARINES CALLED OFF

NOTE SAYS COMMANDERS HAVE BEEN ORDERED TO DISCONTINUE  
TORPEDOING PASSENGER SHIPS

(Special Service to Glendale Evening News)

BERLIN, October 20. (By wireless via London, 3:07 p. m.)—Germany, replying to President Wilson's note declared that orders had been issued to all submarine commanders to stop torpedoing passenger ships. The text of the note covering this point is as follows: "In order to avoid anything that might hamper the work of peace the government has caused orders to be dispatched to all submarine commanders precluding the torpedoing of passenger ships, without, however, for technical reasons being able to guarantee reaching every single submarine at sea before its return."

The reply was handed by the German government last night to the Swiss legation in Berlin for transmission to the United States.

### AMERICANS MEET STUBBORN RESISTANCE

GENERAL PERSHING REPORTS NEW DIVISIONS BEING  
USED BY THE ENEMY OPPOSITE AMERICAN SECTOR

(Special Service to Glendale Evening News)

WASHINGTON, October 21.—Pershing's communique today states that a hundred prisoners were taken in local operations west of the Meuse yesterday. He said the Germans throughout the week had added new divisions to force the defenses on the American sector and were "bitterly contesting every foot."

### TWENTY-TWO MILLION BUY BONDS

ESTIMATES SHOW TWENTY PER CENT INCREASE IN NUMBER OF  
PURCHASERS OVER THIRD LOAN

(Special Service to Glendale Evening News)

WASHINGTON, October 21.—Approximately 22,000,000 persons bought fourth Liberty Loan bonds it was estimated by the government today. This is twenty per cent more than bought bonds of the third loan.

### LIEUT. STEPHENSON

YOUNG ATTORNEY REWARDED  
WITH COMMISSION AFTER  
MANY DISAPPOINTMENTS

Crowning a year's unremitting toil during which he encountered obstacles and misfortunes sufficient to cause the ordinary man to abandon effort, Dwight West Stephenson, the young attorney of Glendale, has been rewarded with a lieutenant's commission in the Field Artillery.

Lieutenant Stephenson entered the service of his country as a private soldier October 13th of last year and after three unsuccessful attempts his fourth trial resulted in the fulfillment of his hopes on October 13th of this year, being one year to a day after his entry into the service. It would seem that the young man's determination to rid himself of the cloud of misfortune had been successful, but such was not to be. On the day he completed his examinations, he was taken to the hospital at Camp Taylor, a victim of Spanish influenza, and it was while there that he received his commission and took the oath of a commissioned officer.

Prior to his entry into the army, Lieutenant Stephenson was associated in legal practice with Mattison B. Jones, the Los Angeles attorney, and was rapidly gaining recognition in legal circles. He enrolled in the officers' training school but through some technicality was not called. After entering the service he again took up his studies at Camp Lewis and though one of three high candidates, was again disappointed. His transfer to Camp Kearny gave him another opportunity, but after going through the course he was rejected for infantry duty by reason of an imperfect arch. The fourth and successful trial was completed at Camp Zachary Taylor in Kentucky, where he is attached to the Second Light Field Artillery.

Lieutenant Stephenson is the son of Mr. and Mrs. Andrew Stephenson of 1241 Central avenue, Tropico District and is well known in social and political circles in this community. He is a graduate of Glendale Union High School and a member of the Los Angeles bar.

### SERVICE OF BRADLEY BOYS

Mrs. W. C. Bradley of 517 Oak street has received word that her son Howard and Joe Hartley of 549 Oak street have been transferred from the 36th Company, Ninth Regiment U. S. Marines, to the Machine Gunners' School at Camp Quantico, Va. When the 36th Company was brought from Cuba and disbanded, thirty men were selected for training as machine gunners and Howard Bradley and Joe Hartley were of the number. Just after they entered the gunners' school, each was offered a position in the Marine Supply Base in Philadelphia at a salary of \$100 plus their regular allowance, but both refused because they wanted to go across. They expect to leave inside of six weeks. Joe has been very sick with influenza, but is now out of danger.

Yesterday's dispatches conveyed the information that the 91st Company of the 316th Regiment had been in action and one member was killed. This is the regiment and company to which Ormond Bradley, brother of Howard, belongs.

### OFFICERS' TRAINING SCHOOL

A meeting was called a few nights ago by Captain Wattles, chairman of the Military Committee of the Instruction Board, to be held at the home of Captain D. Ripley Jackson on Chestnut street, of all officers serving under the Board of Instruction. It was decided at this meeting that the officers would immediately form an officers' school so that the work of all the officers on the drill field would be identical. The spacious living room of Captain Jackson was cleared and work was immediately started. Since then it has progressed rapidly. This will be a wonderful aid not only to the officers but to the men in the drill when the regular drill nights are again established. It is a wonderful proof of the enthusiasm of these men to see them putting in their time night after night to perfect themselves to assist the local registrants.

Surgeons and nurses at the base hospitals in France have come to depend upon the Y. W. C. A. secretaries at the nurses' huts to plan recreation for them and make them forget for a short time the suffering they see in their work. During the last offensive so many of our wounded were brought in that the "Y" secretaries were up day and night making chocolate and tea for the nurses and doctors, who could not pause in their work long enough to eat.

### DOG POISONERS

EFFORT TO DISCOVER MALEFACTORS WHO KILL CHILDREN'S PETS

Glendale Evening News:

We, the undersigned, wish to appeal through your paper to all those who have a tender spot in their hearts for children and all that is dear to childhood days to help us convict and punish the cruel and soulless person or persons who are poisoning our dear dumb friends and playfellows, the truest friends that God has given man or child, a faithful dog. Among our dog friends that have been poisoned was a fine, faithful St. Bernard dog, belonging to the Noyes children of 108 North Kenwood, a fine fellow and loved by every one who had a heart. The last victim of some cruel, heartless person was poor Happy, a beautiful collie belonging to the Brice twins, 304 North Kenwood, a friend and playfellow of all of us. Yesterday morning when we found she had been given the poison, we hastily sent for Dr. Whytock, who had saved her from death from a dose of poison a few months ago. He being away, we had to fight the poison with all the remedies we knew. Finally the shaggy tail ceased to wag to our tender appeals (a dog's way of smiling). The kindly eyes ceased to recognize us. We knew the battle was lost. The cruel poison had done its deadly work and dear faithful Happy had gone to the land of "Beautiful Joe." With tear-dimmed eyes and saddened hearts, followed by a host of children friends, we carried her up to the mountains and laid her dear, lifeless body in a grave dug by loving hands.

We offer twenty-five dollars reward for the arrest and conviction of the person or persons who have poisoned any of our dog friends. We remain the true and faithful friends of all God's dumb animals.

### EXEMPTION BOARD

EXAMINATIONS BEGIN AND THE  
QUESTIONNAIRES WILL GO  
TO OLDER REGISTRANTS

The local Exemption Board is in receipt of a variety of instructions from various departments, including instructions for the protection of registrants from the infection of influenza.

The Adjutant General's office has ordered the Board to proceed immediately with examinations. As stated Saturday, local physicians to make these examinations have been appointed and they will begin work tomorrow. The examinations will take place in the Council Chamber at the City Hall, where the Board has headquarters, and while they are in progress the clerks of the Board will pursue their work in Judge Lowe's court room. Registrants who appear for examination will be met at the foot of the stairs by physicians who will examine them for symptoms of influenza. If any show indications of the disease they will be sent home and will not be admitted to the headquarters of the Board. The physicians will wear protective masks.

From the Provost Marshal General's office have come instructions to the Board to proceed with the sending out of Questionnaires to registrants of eighteen years and of 37 years and over.

### DEATH OF JOHN D. CARLISLE

Much regret is expressed over the announcement of the death of John D. Carlisle in Philadelphia a few days ago. Mr. Carlisle had been a resident of Los Angeles for several years past, but recently returned to Philadelphia to rejoin his former wife and family. Mr. Carlisle was a popular organizer and will be remembered by patrons of the De Luxe, Kinema and Quinn's Rialto theatres. For four years Mr. Carlisle was first tenor and assistant organist at St. Vibiana's Cathedral. He was also a member of the Gamut Club.

GLENDALE, CALIFORNIA, MONDAY, OCTOBER 21, 1918

## CHANGES IN NAMES OF STREETS

Authorized by Board of Trustees of the City of Glendale by ordinance passed July 5, 1918:

Third Street to Wilson Avenue.  
Second Street to California Avenue.  
First Street to Lexington Drive.  
Fifth Street to Harvard Street.  
Elrose Avenue and Seventh Street to Elk Avenue  
Ninth Street and Oak Drive to Windsor Road.  
Tenth Street to Garfield Avenue.  
Sycamore Avenue to Doran Street.  
Valley Boulevard to Adams Street.  
Tropico Avenue to Los Feliz Road.  
Damasco Court and Blanche Avenue to Maryland Avenue.  
Lot A. of Witham Tract to be named Chestnut Street, being a continuation of said street.

## ETIQUET OF SURRENDER

The German soldiers are said to be very much annoyed by the fighting methods of the American troops. They complain that we do not fight according to rule, and worse still, do not surrender according to rule.

It is said to be the German custom, whenever a small band is cut off from the main body and surrounded by the enemy, to surrender without more ado, just as "men" on a checkerboard are given up when cornered. Individual Germans yell "Kamerad" as a matter of course. They even go about looking for somebody to surrender to.

The Americans stubbornly refuse to follow this rule. A company, platoon or squad, or any fortuitous aggregation of soldiers separated from their comrades, go right on fighting. When completely surrounded, they proceed to fight their way out. Little groups carry on guerilla warfare as long as they are able to pull a trigger or push a bayonet. If they lose their guns, they try to capture others from the enemy, and generally they succeed. Individuals go on fighting alone, in utter disregard of death. They will not hold up their hands.

Even when forcibly disarmed and haled away as prisoners, the Americans refuse to stay captured. They seize the first opportunity to knock their guards down, take their guns away from them and fight their way back to their own lines. They sometimes get hold of machine guns, and turn the tables on the Germans in a surprising fashion.

It must be irritating. Americans are such barbarians; if they had a little more German kultur in their systems they would know how to surrender.

## 4th LIBERTY LOAN \$6,000,000,000

Can the ordinary mind grasp it. If in \$10 bills placed end to end, it would encircle the earth almost three times.

Or if made into one large blanket it would cover 2295 acres. If in \$1.00 bills it would reach from Los Angeles to New York City 236 times. Or if stacked up in silver dollars it would make ten stacks over 94½ miles high, and to ship it by rail it would require 9,375 cars of 40,000 lbs. each, and would take 100 bank tellers 1250 8 hour days to count it at the rate of \$48,000 each per day. (Some money).

## THE BLOW-UP

When the Prussian military power begins to crumble, it will collapse with a roar. This will happen when the German soldier realizes the war lords are losing and cannot win. For four years he has been driven to the slaughter. He has seen that his life and the lives of his comrades have only been pawns for the higher-ups to squander in any number, to win a brief advantage on the battle front. He knows that whether the war is won or lost he will be a serf still, no better off than before, in fact, worse off. And that if it is won, he must go on fighting. When the day comes that he knows his life is still being offered up, but in a losing game, and as a useless sacrifice, he and others like him will desert by regiments to the allies. Then the allies need only to let the men know they will be well treated to have them come over in droves.—Capper's Weekly.

## GOD'S COUNTRY

We met up with a regular American the other day on a railway train. He said he was born in Sweden, but was brought up here. A few years ago he went back to the land of his forefathers for a pleasure trip. He enjoyed it much, but after three months of that foreign country he sighed for home. To use his own language:

"When I landed I thanked God for God's country and that I was in it once again, in a land where you can call the Mayor 'Bill' and the Mayor calls you 'John.' Over across it ain't that way."

When a Westerner goes to New York with a roll in his pocket and an inclination to spend it, he has a pretty good time, and thinks Gotham a pretty good little town. But, at that, he is mighty glad to get back to the great outdoor west, where he is as good as the other man—and a darn sight better. Nor for the life of him would he consent to live in New York upon the terms of life given to ninety-nine per cent of that populous burg—to compete, to scrimp, to see well-healed westerners coming to enjoy the Gotham entertainment which the ordinary New Yorker cannot afford.

If that is so about New York, it is much more so about Europe. To visit Europe is one thing. To live in Europe is entirely another. To the man or woman wanted to American conditions only American conditions are tolerable. To convert a discontented American into an enthusiastic American, all that is required is to have him go live and compete in the country of his ideal for a period. In less time than the period he will be yearning for the good old United States, and cursing himself for a fool who didn't know enough to thank his stars for it.—Minneapolis Journal.

## THE BROTHERHOOD OF NATIONS

A recent pamphlet written by John D. Rockefeller, Jr., entitled: "Brotherhood of Men and Nations," contains his opinion, which is that of most men, with regard to the fraternal relations which should exist among nations. In chapters VII and VIII, he says:

"We have been speaking of Brotherhood among individuals and among groups of individuals.

"If this is a vital force effective in such relationships, is it not equally applicable as between nations?

"Constantly we see the principle operating among the Allies.

"Every day of the war is bringing closer co-operation, more frequent conferences and a better understanding. At last a single commander-in-chief has been appointed over all of the Allies' armies.

"Not only is this fraternal spirit manifesting itself among their leaders, both military and civic, but, even earlier and more fully it was put into operation in the relief of suffering among the soldiers and the civilian populations.

"The Allies have been quick to extend a helping hand to each other in many ways, and the closer the feeling of Brotherhood becomes, the stronger will be the bond that unites them.

"This spirit should be developed, not only among those of the Allied nations which are actively participating in the war, but it should also be extended until it includes all of the nations lined up with the Allies on the side of Right against Might, even if, because of geographical location or for other valid reasons, some of them are not actively participating in the struggle.

### Where Brotherhood Must Halt Until Right Prevails

"At that point, however, the extension of the principle must necessarily halt until the war is over.

"Let me make this very clear. The world is divided today into two hostile and absolutely irreconcilable camps.

"Savagery has thrown down the gauntlet to civilization—both cannot longer continue to exist on the same planet.

"Until the leader of the enemy forces and those who have aided him in bringing upon the world this indescribable carnage, as well as all those who are co-operating in the conscious effort to turn the hand of time back to the days of barbarism, have been permanently shorn of the power to further their brutal lusts and inordinate ambitions, there can be no peace.

"Far better would it be that all arrayed on the side of Right should perish in seeking vindication of the principles for which they are fighting, than that any should survive to live under the dominion of brute force.

"Far better that the womanhood of our civilization should be sacrificed in this warfare, than that it should survive to receive insult and degradation at the pleasure of a barbarous conqueror.

Far better that innocent children should continue to suffer death at the hands of a ruthless enemy, than that they should live on under a rule of cruelty and inhumanity.

"Not only must German militarism be destroyed absolutely and forever, but German philosophy must be reconceived and reconstructed from its very foundations, for no peaceful intercourse with civilized nations is possible to a people actuated by such barbarous principles.

"General von Kries said to a friend of mine in 1916, in speaking of the inhabitants of Poland:

"The lives of human beings are to be conserved only if it makes for the State's advancement; their lives are to be sacrificed if it is to the State's advantage."

"Such a philosophy as this, utterly subordinating the individual to the State, must give way to the theory accepted by the free peoples of the world, that the well-being and happiness of the individual is the consideration of supreme importance, and that the State exists ultimately for the individual, not the individual for the State.

"Nor can the teaching be longer tolerated that the State can do no wrong, and is supreme, being justified in the pursuance of any course or the performance of any act, however contrary to the moral and ethical standards of God and man, so long as it serves the ends of the State.

"These principles can no more mix with the principle of Brotherhood than can oil and water. They are diametrically and fundamentally at variance with each other.

"Therefore I say, the whole of German political philosophy will have to be reconstructed before this humanizing and peace-perpetuating doctrine of Brotherhood can be extended to the German nations.

And so, as President Wilson has said:

"This intolerable thing, of which the masters of Germany have shown us the ugly face, this menace of brute force and intrigue, which we now see so clearly as the German power—a thing without conscience or honor, or capacity for covenanted peace—must be crushed, and if it be not utterly brought to an end, at least shut out from the friendly intercourse of nations."

"This titanic struggle must be fought out now. Whether it takes one year or ten years to achieve that for which we fight, it must be achieved, and there can be but one outcome of the struggle, for as surely as there is a God in Heaven, Right will prevail and Might will be put down.

"But when that day has come and peace has been established on an enduring basis, then and not until then can the spirit of Brotherhood among nations be extended, as then it must be extended, to include all the nations of the world."

## EVACUATION PLANNED PREVIOUS TO NOTE

GERMANS ORDERED TO DEFEND AMERICAN FRONT DURING WITHDRAWAL FROM FRANCE AND BELGIUM  
(Special Service to Glendale Evening News)

WITH THE AMERICAN ARMY IN FRANCE, October 21.—Prisoners taken on the American front declare that Germany had prepared for the evacuation of France and Belgium before the peace note was sent. They declare they had orders to fight for every foot of ground on the American sector until the evacuation of Northern France and Belgium was completed.

## PRESIDENT RECOMMENDS RANK OF LIEUT.-GENERAL FOR COMMANDERS OF FIRST AND SECOND ARMIES

(Special Service to Glendale Evening News)

WASHINGTON, October 21.—President Wilson today recommended that Major Generals Liggett and Bullard, commanders of the American first and second armies be promoted to the rank of Lieut.-General.

Mrs. Pearl Keller of the Pearl Keller School is confined to her bed with influenza.

Elder Christian, of the Pacific Union Conference, expects to go to Lodi some time this week.

Mrs. Colin Cable has had quite a siege with influenza, but has had the advantage of the best of care from her doctor husband, so is now on the road to recovery.

Sidney Chambers, the little son of Mr. and Mrs. Frank Chambers, has been sick of the common ailment, but is recovering and will soon be out.

Three members of the Pierre V. Potter family of Pioneer drive are convalescent from Spanish influenza. Mrs. Potter, who has been quite ill, is now able to sit up.

Mrs. J. W. Usilton, of 20 West Seventh street, has been quite ill of blood poisoning, the effects of an infection in her hand which she blistered while peeling quinces. She is now up and past all danger.

Mrs. Edna Irene Sawyer of 515 Oak street, who came home from Kansas City two weeks ago with a severe attack of influenza from which she nearly died, is now able to sit up occasionally. It was complicated with congestion of the lungs and she had a narrow escape.

Rev. Celian Andross, who went east several months ago, is continuing his evangelistic ministry there. His brother, Ellsworth Andross, is attending the Washington Missionary college. His father, Elder Andross, president of the General Conference, is abroad, probably in Persia.

Mrs. A. E. Baisley and son Cecil, who have been in Arizona for the past year, are now with Mrs. Baisley's sister, Miss Mary Holm of 545 Oak street. Her older son, Dent, who was with the Naval Reserves, was recently discharged on account of illness and is now with his mother at the home of Miss Holm.

Mrs. R. G. Payne and her daughter, Miss Frances Payne, who is teaching in Orange, spent the week end with Miss E. A. Bingham of 114 West Broadway. Miss Payne reports that the schools and churches are closed and a general embargo in effect at Orange on account of influenza, but that in the sister city of Santa Ana everything is open as usual.

Mrs. William C. Mabry says her latest letters from Captain Mabry brought news that he was recuperating from influenza. He wrote that he had a pretty bad forty-eight hours but that he was out of danger. He did not say how many cases there were in camp but Mrs. Mabry gathers they have had quite an epidemic. Captain Mabry is in charge of the pneumonia ward of the base hospital.

Elder E. E. Beddoe, who went from here to Washington several months ago, has had a hard time finding a place to lay his head. Washington is so crowded by the expansion of government work caused by the war that he was unable to get a house anywhere and finally as a last resort bought a lot in the suburb of Takoma Park and has built a residence to house his family.

Mrs. Montague Cleaves of Boynton street reports that Doctor Cleaves, who entered the army service not long ago and was sent to Fort Riley, has been transferred to Camp Kearny. He is with Ambulance Company 264 with the Sixteenth Sanitary Train now in process of formation, which will not be filled until men from the new draft are selected. The camp is in quarantine but the doctor says there are no cases of Spanish influenza as yet. He also says the men take no stock in the end of the war talk and say that "though the Kaiser talks peace, this division is planning to fight."

Mr. and Mrs. A. L. Weaver and infant daughter left Sunday night on the Lark for Hercules, where Mr. Weaver will begin his service for the Government in the manufacture of munitions. He is the son of M. L. Weaver of 145 North Kenwood, this city, where he and Mrs. Weaver spent the last few days of their stay. It was hard for them to see him and his wife and baby go, particularly the baby, who had twined around their heart strings, but they are glad to see their son realize his desire to get into the kind of work he has been called to do. The Weavers did not know whether they would live in Berkeley or Oakland. It will depend upon which will be the more convenient for Mr. Weaver.

Insure your property against Fire at the old rate and buy Liberty Bonds with the money you will have left. H. L. Miller Co., 109 Brand Blvd. 35t30

The Glendale Evening News is delivered only to persons whose subscriptions are paid in advance.

Professor Harry Howe roughly estimates that subscriptions to the Fourth Liberty Loan totalling \$6000 were secured by students of the High School. Secretary John Robert White reports that the work of the Boy Scouts will total \$7500.

Mr. and Mrs. Cameron Thom, Mr. and Mrs. Albert D. Pearce and Mr. and Mrs. L. G. Sherman were dinner guests one evening last week of Mr. and Mrs. J. H. Bartle and their daughter, Mrs. Roger Brown, of Monrovia, Cal.

Miss H. Hobbs of 359 North Jackson street spent the week end at San Diego and returned by auto with Mrs. H. E. Hood of Elmhurst, Cal., who is now her guest. She reports that San Diego seems in great fear of the influenza and many people were wearing masks.

**KAISER PLAYS IT, TOO**

(By United Press)  
LONDON, Oct. 1. (By Mail.)—In a town-bound train a stalwart kilted sergeant had in custody a thin, lanky German prisoner of war.

The prisoner was a boy of some 16 or 17 years, and he seemed highly pleased with England. When not surveying the passing scenery he cheered himself by playing on a mouth-organ. After trying one or two tunes, he suddenly broke into "Love me and the world is mine." "Stow that, young'un," growled the sergeant. "We don't love yer, and the world ain't yours. See?"

Premier Clemenceau, of France, addressing a gathering of Y. W. C. A. workers recently, said: "The war is being fought on French soil. As the family is, so is the Pollu. You of the Y. W. C. A. are resting, refreshing and cheering the soldiers on by doing this work for their women. When you make the hard work of the women in the munitions factories less burdensome, you literally put munitions, in the shape of new courage, into the soldiers' hands. We thank you Americans most sincerely."

**SKEPTICAL**

Mrs. Chinwag was highly elated with the success of the women's meeting at which she had spoken, and she could not help remarking about it to her husband.

"I was absolutely outspoken in my sentiments," she remarked, "at the meeting today."

Chinwag gasped and looked incredulous.

"I can hardly believe it, my dear," he replied. "Who outspoke you?"—Montreal Star.

**STATE NEWS**

**SACRAMENTO**—Golden trout are known to comparatively few sportsmen, as they are found only in Whitney creek. Their reputation proclaims them the rarest, gamest and most beautiful of the trout family. Some day they may be as well known as their brothers and sisters of the rainbow variety, for the state fish and game commission has planted a quarter of a million little ones in Lake Tahoe. They were, hatched at the Cottonwood Lake hatchery.

**SACRAMENTO**—To mobilize the agricultural resources of California for the most effective results and to make the farmers and orchardists of the state immediately acquainted with the latest machinery, is the aim of the tractor schools which are to be sent to all parts of the state, under arrangement made between the farm machinery manufacturers, the state educational department, and the state board of control. Three schools, each requiring two railway cars for its transportation, are to travel through the agricultural districts, of the state stopping at the high schools of the population centers. These stops will last probably a month, of which time the first two weeks will consist of instruction in the theory of gas engines and machinery in general. This is followed by two weeks of "back to the soil," when the students will be required to demonstrate practical ability in handling the machines. Success means graduation. Women as well as men are eligible for the instruction. Light and heavy tractors will be used, the manufacturer lending the machines and expert operators. No advertising is permitted.

**SAN FRANCISCO**—Restaurants and dining rooms throughout the country today went under strict food-saving regulations. Simultaneously the United States Food Administration announced that these regulations will be enforced to the letter. Following is the summary of new rules. Restaurants must NOT:

- 1—Serve bread or other bakery products which do not contain at least 20 per cent flour substitutes.
- 2—Serve bread or toast as garnishing or under meat.
- 3—Put bread on the table until after the first course is served.
- 4—Serve more than one kind of meat to one patron.
- 5—Serve bacon as a garnisher.
- 6—Serve more than 1/2 ounce of butter to one person at one meal.
- 7—Serve more than 1/2 ounce of American cheese to one person at one meal.
- 8—Serve sugar in a bowl or give anybody more than a teaspoonful at one meal.
- 9—Use more than two pounds of sugar for every 90 meals served.
- 10—Burn any food.
- 11—Display food where it may rot or deteriorate in quality.
- 12—Serve double cream, or cream de luxe.

**SAN FRANCISCO**—The latest thing in shopping bags introduced here is a German helmet. Miss Gladys Wallace has started the fad by converting a "Krupp cootie cage" into a serviceable retainer of bargains. The helmet, which is much battered and has a bayonet hole in it, was sent to her by her brother, H. E. Wallace. The only fault with it is its size, which affords only room enough for a powder puff and a little small change.

**SAN FRANCISCO**—She loves him too much, so he wants a divorce. James D. Patterson, employed at the Mare Island Navy Yard, has filed a petition for divorce against Mrs. Hilda B. Patterson, charging that every time he went to work or left the house his wife would burst forth in tears. Her tearful entreaties for him not to go to work almost cost him his position on several occasions. He declared his wife's tears made him unhappy.

**LET THE CHICKENS HAVE THEIR WINE, SAYS PROF.**

(By United Press)  
LONDON, Oct. 3. (By Mail.)—Mrs. Hen says to her lord and master, "Another little drink wouldn't do me any harm," it'll be no use for him to argue the point. She is backed by authority.

The professor of agriculture at Fontainebleau has been making a discovery about eggs.

He took a dozen hens and gave 6 of them a little wine each day and kept the other 6 enforced teetotalers. Stimulant triumphed over prohibition and the teetotalers were beaten to a frazzle! They laid only 27 eggs as compared with the wine-bibbers' 180, and the latter were much superior in quality.

It is a dangerous discovery to have made in these days of strikes, especially with winter coming. Now that women are getting their rights everywhere (or most everywhere), it is quite conceivable that all hens will go on strike and refuse to lay eggs unless they get their beer.

**PIGS IN DENMARK**

Denmark counted her pigs in May—there were but four hundred thousand. Before the war there had been two and a half million. The two million pigs were submarined just as surely as if they had been to sea, since the lack of fodder doomed them. Their "bacon ration" daily reminds the Danes of the horrors of war.

## WHERE THE MONEY GOES

In normal times—in peace times—it costs about a billion dollars a year to run the Government. For the fiscal year ended June 30, 1918, Congress appropriated in round numbers, including deficiencies, \$18,882,000,000. For 1919 Congress has appropriated in round numbers at the present session, including deficiencies and appropriation bills pending, \$24,330,000,000.

The mind is often confused over "appropriations" and "expenditures." Congressional appropriations fix the limit of what may be used. Then the Governmental Departments and bureaus spend what is necessary, and at the end of the year the appropriation lapses. Official figures show that for the fiscal year 1918 the Government spent \$12,696,702,471.14, and in addition during the war months of 1917 disbursed \$885,000,000 for loans to Allies.

Up to the very day we entered the war, Germany believed that victory for the Central powers lay just ahead. A strong factor in this calculation was their belief that the Entente powers were financially exhausted.

Germany had spent fifty years preparing for a war of conquest. She knew that from its very start she must wage it from within the circle composed of herself and her Allies, that she must produce from within this circle her raw stuffs and manufactured material, and by doing this, though the war has continued far beyond the eighteen months that Germany set for its winning—if there was to be a winning—she has kept her money at home, used it over and over again, as the same water often turns the wheels of many mills.

Our Allies, on the other hand, owing chiefly to their lack of preparation, had to come into the markets of the United States for most of their war necessities, and in the years of our neutrality their account with us totaled approximately \$9,453,524,547.

A nation and an individual are alike when they want to buy anything—they must have money or credit, which is based on money. Our Allies were short on both and we supplied their need. We advanced them money and credit, and we called the transaction a loan. In the fiscal years 1917 and 1918 we loaned them \$5,623,000,000. Their securities and governmental undertakings to repay lie in the vaults of the Treasury of the United States.

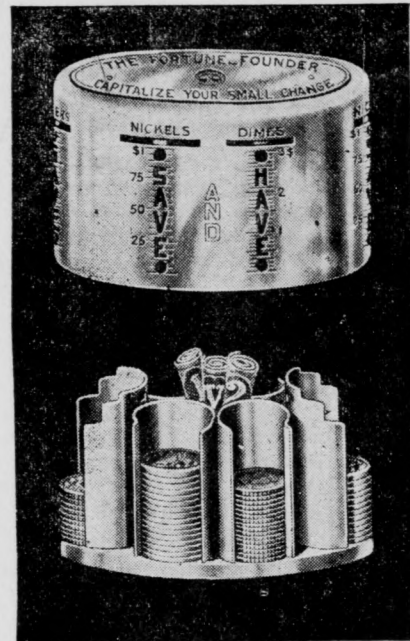

What our Allies did with that credit or money is of vast importance to us. They looked to us to supply them with wheat and corn and cotton from our fields, coal and ore from our mines, and finished products from our factories and foundries, otherwise they could not remain at war, so they brought this credit that we had lent them into our markets and spent it over our counters.

During the fiscal year 1918 our exports amounted to \$6,000,000,000. Six billion is six thousand million! Most of these went to our Allies, and was turned immediately and eagerly into fighting stuff for winning their war—our war.

You will be interested in knowing some of the things our Allies really did with the sums we lent them. First they used over \$150,000,000 for relief in Belgium and Serbia. The people in Belgium call it "blessed money." Beside the enormous expenditures embraced in the term "munitions of war," they have spent \$800,000,000 for cereals, \$800,000,000 for meat and other foods, and \$600,000,000 for cotton.

Boston women of the most exclusive set are now organized into a military line with hands extended in welcome to soldiers and sailors who pass through the city. Hostess rooms have been fitted up at the Y. W. C. A. buildings.

## ORDINANCE NO. 341

AN ORDINANCE OF THE CITY OF GLENDALE AMENDING ORDINANCE NO. 201.

The Board of Trustees of the City of Glendale do ordain as follows:

SECTION 1. That Section 6 of Ordinance No. 201 be amended to read as follows:

SECTION 6. Permit Required. It shall be unlawful for any person, firm or corporation, as principal, agent, officer, clerk or employee, for himself or itself or for another person, firm or corporation, to commence or proceed with the erection, construction, alteration, repair, moving or demolition exceeding seventy-five dollars (\$75.00) in cost (restoration of plastering or painting excepted), of any building or other structure in the City of Glendale (other than structures erected by the United States of America), unless a permit so to do has been first obtained, as herein provided. Any person desiring such permit shall file with the Building Inspector, on a blank to be furnished by said Inspector, an application therefor, which application for such permit shall be made by the owner or his agent. Where such application is made, plans and specifications in conformity with the provisions of this Ordinance shall be filed with the Building Inspector, who shall then issue a permit and shall file such application and shall apply to such plans and specifications an official stamp stating that the same has been applied, comply with the terms of this Ordinance. The plans and specifications so stamped shall then be returned to such applicant. Such applications shall specify the land upon which the proposed work is to be done, describing the same by lot and block, and house number of said lot, the general dimensions of the building to be erected, constructed, altered, repaired, moved or demolished, the number and height of stories thereof, the names of the owner, architect and contractor or builder, if there be such architect, contractor or builder, and the cost of the proposed work and the purpose for which such building alteration or repair is designed, and such other matters as said Inspector may require.

Thereupon, on payment of fees hereinafter provided, the said Inspector shall issue a permit for the proposed work.

After a permit has been granted for the construction, alteration, repair, moving or demolition of any said building, the plans thereof shall not be changed without notice having been given to said Inspector of such change and of the nature thereof, and the written assent first obtained from such Inspector therefor. If such change increases the cost of the proposed work the said Inspector shall collect an additional fee for such change, in accordance with the scale of fees hereinafter prescribed. The stamping of any plan or specification shall not be held to permit or to be an approval of the violation of any section of this ordinance.

Nothing in this Ordinance contained shall apply to or affect or authorize the moving of any building, upon any public street, alley or place.

Adopted this 17th day of October, 1918.

G. B. WOODBERRY,

President of the Board of Trustees of the City of Glendale.
